C# / .net Senior Developer

My centrally Auckland based client is looking for a very experienced .net C# Developer to join their dynamic team of .net C# specialists.

You will have well over 5 years commercial development experience with the .net C# language. You see yourself as a highly competent Developer who enjoys developing in a team environment. Ideally you will have previously worked with-in an Agile / Scrum environment and be very much a team player.

Although the role is a senior development role you will be required to have multiple skills and be involved in all aspects of the development lifecycle including architectural design, coding and mentoring less experienced developers. With these responsibilities it is imperative that you have proven mentoring experience and you are comfortable in a teaching situation.

My client is a blue-chip financial services organisation that has a large team of highly qualified specialists and offer many employment benefits including generous remuneration, bonus schemes and modern working environment.

Please contact Steve Gillingwater in the strictest confidence on 021 587 161 or steve.gillingwater@talentvault.co.nz.

NOTE To apply for this role you must be currently located in New Zealand and qualified to work here. Any international enquiries are welcome however only applicants that are legally entitled to work in New Zealand and can make themselves available for interviews in New Zealand will be considered for advertised positions.
