IT Manager / Services Manager (6 Months) Contract

My client is an Auckland based corporation who is looking for someone to come onboard to lead the design and build of their IT Services Department.

You will utilise your existing ITIL qualifications and experience to initially design then build the Services Department using best of breed practices. You will drive the high level design which includes Services Application evaluation and selection. Also design of policies, procedures and negotiation and implementation of SLA's. You will then help drive the implementation of the new Services Department throughout the organisation.

If you are a Senior IT Manager / IT Executive who has extensive experience implementing IT Service Departments from high level initial design, build and successful implementation then this Contract is for you.

Please contact Steve Gillingwater in the strictest confidence on 021 587 161 or steve.gillingwater@talentvault.co.nz.

NOTE To apply for this role you must be currently located in New Zealand and qualified to work here. Any international enquiries are welcome however only applicants that are legally entitled to work in New Zealand and can make themselves available for interviews in New Zealand will be considered for advertised positions.
