

Project Manager – permanent

Portfolio of enterprise wide projects

Diverse culture within large, growing organisation

Excellent salary range with car park and benefits

South Auckland location

Friendly, family orientated culture

Get out of the rat race commute to the city everyday and work for a successful, large company close to home.

Enjoy the added benefit of a flexible work place with an employer who understands the juggle between family and work.

Role & Responsibilities

This is a busy and varied working environment with a number of projects on the go across the numerous departments.

Reporting to the Business Manager you will work closely with key stakeholders, both internally and externally. Your role will be to deliver solutions in the deployment of new systems and also in the upgrade of existing systems.

Success

Our client wants a professional with a proven, successful track record in IT Project Management. Along with delivering an exceptionally high standard of work and can back this up with relevant project experience in the NZ market.

To be successful in this role you must have excellent communication and interpersonal skills. Ideally with strong stakeholder management experience and the ability to deliver projects on time and within budget.
